**HELPFUL HINTS**

**1. Plan in advance...**

It's a key to a great party. Our entertainers' schedules fill up fast, so it is on a first come first serve basis. Last minute booking are possible, but it helps with booking process if you book in advance.

**2. Please choose alternate entertainer.**

In rare cases the entertainer you have chosen may not be available the night of your event.

**3. Please be reasonably flexible with the time that you are scheduling your party.**

Sometimes, when you call and ask to schedule your party at a certain time, we will ask you to choose another time that night instead. There are peak times and peak seasons for our entertainment, and it is hard for us to guarantee

you the dancer you have requested if you cannot be flexible. Without flexibility the dancers would have to be in three different places at the same time. It allows for the night's festivities to be relaxed and enjoyable for everyone.

If you have an evening full of activities and are running on a tight schedule, simply plan to book in advance. Inform us of your plans and we will make all the arrangements so your evening will go smoothly.

**4. Please keep your guests informed that you are having exotic entertainment.**

The only person that should be surprised is the guest of honor. Please inform your guests so they will know what to expect. This will keep people from being offended. Also, please inform your guest that all strippers work for tips. You want your guests to come prepared with tip money so they can participate in all the entertainers' activities and have a night they will never forget.

**5. Please provide a stripper-friendly environment...**

- Have payment ready.
- Have all your guests present, especially your guest of honor. (There's nothing worse than having to start a party without the guest of honor).
- Please make sure there is a clean and separate room for the dancer to change in. Bedrooms make ideal changing rooms. Bathrooms can work as well, but they do get awfully crowded when the dancers and all their gear are crammed into such a tiny area... plus it makes it impossible for your guests to use the facilities!
- Please make sure your party location is large enough to accommodate all your guests and large enough for the dancers to perform.
- Please close all curtains and doors. There should be no exposed windows for outsiders to look through.
- Please make sure your party location is suitable for having an exotic dancer. Strippers do not like to dance outside, where it is cold or a nosy neighbor can see. They do not like to dance in garages, on cold concrete or unfinished floors... exceptions can be made. Inform us of the situation first, so we can set something that you and the dancer.
- Please be considerate of your neighbors. It really ruins a party when the cops show up.

**6. Tip your entertainer(s).**

Tipping your entertainer is essential. All dancers in the industry work for tips throughout all stages of the parties, and stripograms. This is an industry standard, and all dancers operate according to these standards. A good party depends on your participation and tipping. The more you tip the wilder it gets. You want a happy dancer. Tips make the dancer happy and a happy dancer will make you happy.

**7. Respect the entertainer, follow their rules.**
